Welker Training Room

Welker's new training room is ready for guests! As part of 2016's site expansion, the 1200 square foot area was designed to host training and special events. The Lunch & Learn sessions provide customers an opportunity to enjoy a light lunch during an interactive presentation that is tailored to their key interests. Most components are on hand for demonstration and application discussion. Contact Welker for more info or visit <http://www.welkerproducts.com/demo.php>
